The Affordable Care Act of 2010 took a giant step toward universal health insurance coverage in the United States. Although it has been quite successful in accomplishing that goal, it has remained highly controversial. The new Administration is intent on repealing the law and replacing it with an alternative model.

Why is health care reform so challenging? Why does “Obamacare” look as it does? Could alternative plans under consideration achieve the same gains? And what are the political prospects of those alternatives? Prominent health policy expert Dr. Sherry Glied will describe the past, present, and possible future of health reform efforts.
